Penrith NSW 2750

Attention General Manager

Dear Sir/Madam

Re DA for modular accommodation building at the Dillwynia Correctional Centre

Please find enclosed a development application lodged on behalf of the New South Wales Department of Justice for the construction of a pre-fabricated modular accommodation building at the Dillwynia Correctional Centre.

The DA is supported by three copies of the following documentation:-

- Statement of Environmental Effects prepared by BBC Consulting Planners;
- Architectural Drawings prepared by NBRS + Partners (as an appendix to the SEE);
- Asset Protection Zone Plan (as an appendix to the SEE); and
- Development Application form (duly signed and dated).

A CD containing electronic copies of the above documentation is included in the submission.

Please find enclosed a cheque made payable to Penrith City Council for the sum of \$7,969 being the cost for lodgement of the development application (as per Council's fee calculator).

If any further information is required, please do not hesitate to contact myself or Rob Battersby on 02 9211 4099.

Yours faithfully

BBC Consulting Planners
