

INFRASTRUCTURE RESTORATION BOND

This restoration bond is a refundable bond applied as a condition of development consent and is payable prior to the issue of a Construction Certificate or any site works commencing. It is a form of guarantee to protect Council's kerbing, footpaths and verges and may be used to repair or reinstate any damage that may occur during development works.

PRIOR DAMAGE REPORT - COUNCIL INFRASTRUCTURE

For Council Infrastructure Adjacent to Building Sites. Mark all pre-existing defects to roadway, kerb/gutter, pit structures, footpath, nature strip, crossover, street signs & furniture and any pit covers in the nature strip - noting location and extent. This report should accompany the Infrastructure Restoration Bond form. Site photograph can be included below. If required, use additional pages.

NOTES ON ABOVE MARKED DAMAGE

<u>HINT:</u> Shade or mark the areas on the sketch above and LABEL with numbers or letters. In the space provided below, you can write a description of the damage against those labels. *eg. Site 1: crack in footpath, hairline, 1.2m long; Site 2: Kerb - concrete piece 5cm diameter missing and hairline crack running down into gutter beside driveway entry....etc.* Attach photographs or other supporting documentation.

PLEASE READ ALL THE BELOW INFORMATION CAREFULLY.

GENERAL INFORMATION INFORMATION This Infrastructure Restoration Bond is required to minimise the likelihood of damage to Council property as a result of building (including demolition) work being carried out. The bond enables Council to ensure that appropriate responsibility be taken for reinstatement of damaged public assets and that reinstatement is undertaken in a timely manner.

The *Infrastructure Restoration Fee* is payable on lodgement of a DA or CDC (Complying Development Certificate) and will be utilised to undertake a final inspection after notification (Request for Final Inspection form) of completion of all works.

The *Infrastructure Restoration Fee and Bond* is NOT applicable for minor development such as: Awnings; Carports; Sheds; internal shop fitouts etc - except where major excavations are required.

CONDITIONS This Infrastructure Restoration Bond is to be paid to Council <u>prior</u> to the issue of a Construction Certificate or any intended demolition works.

In addition to the requirement to complete this Road Infrastructure Fee/Bond, further permits may be required for activities on Council land such as a Road Opening, Road Closure and Vehicle Crossover etc.

It is the Applicant's responsibility to inform Council (utilising this form and additional written and/or photographic evidence) of any pre-existing damage/defects to Council's infrastructure PRIOR to works commencing. If works have commenced without payment of this Infrastructure Restoration Fee and Bond, all damage to Council's infrastructure assets is attributed to these works and reinstatement will be the responsibility of the Owner/Builder.

Council reserves the right to undertake all rectification works for damage to Council's assets and will deduct these costs from the security bond. Council will seek to recover the actual cost as per the adopted Fees and Charges - Restoration Rates from the applicant where the cost exceeds the bond held.

SUBMITTING A
REQUEST FOR
BONDAt the completion of all building and associated works, or demolition works only, the applicant will
be required to submit a request (either written or using Council's 'Request for Refund of Cash Bond
or Bank Guarantee') accompanied by a copy of the relevant Occupation Certificate (Not applicable
to demolition ONLY works) to Council. Contact Council's City Works Department on 02 4732 7777 or
visit Council's website to obtain the form "Request for Refund of Cash Bond or Bank Guarantee".

Council will conduct a final inspection upon receipt of the above **written request** (with relevant Certificate) to compare the condition of Council's Infrastructure to the Prior Damage Report submitted by the applicant. The Council Officer will confirm that no damage has occured during works or that any damage has been reinstated to Council's satisfaction.

DAMAGE: New damage must be reinstated to Council specifications within 28 days of receiving written notification from Council. if work is not complete within the specified time, all or part of the Bond will be used to pay for the repairs to be completed without any further notice. If the cost of reinstatement exceeds the Bond held, the Applicant will be invoiced for the additional cost.

NO DAMAGE: Provided there has been no new damage to Council's infrastructure OR any new damage has been reinstated to Council specifications, the Infrastructure Restoration Bond shall be refunded to *original bond payee* by cheque within 30 days of the final inspection.

Where refunds are to be forwarded to another party, written consent is required from the original bond payee.
