**AWNING ERECTED ON SITE AT  
26 CAMDEN STREET  
PENRITH.**

An inspection was made of the awning constructed at the north eastern corner of the above site on 24.11.21.

Refer to photo below

Based on our visual inspection we are satisfied that the awning as constructed is structurally adequate to withstand loading as required by AS/NZS 1170.1 & 2 for a Region A Terrain Category 3 wind area and as required by the structural provisions of the BCA (NCC).
