		T_,
		The Econocycle document can be attached
		alongside.
		Site plans shown on page 20 of Envirotech
		Report and page 7 of Econocycle Report.
9	Monitoring and testing	Page 24 details warning signs indicating issues
		with the system.
10	Maintenance and servicing program	Page 23 details that "AWTSs need to be
	(treatment system and irrigation system)	serviced quarterly by an approved
		contractor". Also;
		·
		<ul> <li>✓ Have your AWTS inspected and serviced four times per year by an approved contractor.         Assessment should be applicable to the system design.     </li> <li>✓ Have your system service include assessment of</li> </ul>
		sludge and scum levels in all tanks, and performance of irrigation areas.
		✓ Have all your tanks desludged at least every three years.
		<ul> <li>Have your disinfection chamber inspected and tested quarterly to ensure correct disinfectant levels.</li> </ul>
		<ul> <li>Have your grease trap (if installed) cleaned out at least every two months.</li> </ul>
		<ul> <li>Keep a record of pumping, inspections, and other maintenance.</li> </ul>
		<ul> <li>Learn the location and layout of your AWTS and land application area.</li> </ul>
		<ul> <li>Use biodegradable liquid detergents such as concentrates with low sodium and phosphorous levels.</li> </ul>
		✓ Conserve water.
11	System performance	Page 23 details that "AWTSs should be fitted
	o postania postania na mana di	with an alarm to indicate mechanical and
		electrical equipment malfunctions".
12	System failure contingency	In the case of a system failure, porta-loos will
12	System familie contingency	be implemented until the AWTS be repaired.
		Plan of Management in SEE.
13	Odour management	Odour will be managed with adequate
13	Odour management	
		setbacks from sensitive areas and frequent
1.4	Londonno and diamond area area area.	maintenance. Plan of Management in SEE.
14	Landscape and disposal area management	Landscape and disposal area management is
4-	The file and a feet	detailed on pages 25 – 26.
15	Health and safety	Health and safety will be ensured by only
		engaging suitably qualified contractors to
