☒ Quotation ☐ For Review ☐ Please Comment ☐ Please Reply ☐ Urgent

### COMMENT:

Wayne, further to my recent site inspection, please find my revised quotation for the above project as follows.

1. Supply and install new 1.2mm stainless steel exhaust canopy 5200x1200mm complete with honeycomb filters, two recessed light fittings, ductwork through single level roof above with three phase motor fan and weather cowl.

— **Total cost \$ 14,850.00 + gst**

2. Supply and install make-up air system consisting of stainless steel perforated face to canopy, ductwork as required through single level roof above and inlet and outlet silencer, three phase motor, fan and inlet cowl.

**Total cost \$ 7,250.00 + gst**

3. Section J of the BCA requires all exhaust systems over 1000 L/S to be speed controllable. VSD'S (Variable speed drives) can be supplied at a cost of **\$ 1,150.00 + gst each. Two required**

4. Supply and install 1.2mm stainless steel wall panel backed on 6mm duraliner behind hood to floor and right hand side wall.

**Total cost \$ 2,875.00 + gst**

### Exclusions

- \* Electrical connections ( Three phase motors must be provided with single phase protection with overloads. If not warranty will be void. This Protection is included with Variable speed controllers when supplied)
- \* Any Fire Rating & fire suppression system requirements.
- \* Any building work or relocation of services if required
- \* Any additional acoustic requirements

Trusting the above meets to your satisfaction, but should you require any further information please do not hesitate to contact me.

Regards

*Kevin Walsh*
