Subject: Upcoming demolition and re-construction of the Connector Rd and Ropes and South Creek bridges

Hi Jamie,

Thank you for organising the site meeting to discuss your plans for constructing the new Connector Road over Ropes and South Creek bridges. As discussed on site I have no in principle issues with the works you are proposing, particularly in relation to the use of some regional park trails for access and some minor vegetation removal. I will provide formal comment once the development applications are referred to NPWS. In the meantime I am happy to continue discussions if and when they are needed to help progress the works.

Kind Regards,

Katie Littlejohn
