

# Waste Management Plan

Proposed Shed

152-159 Park River Close Mulgoa

Prepared By:

Urban City Planning

For:

Mr. I Dolan

Ref: 190156

**Demolition**

Materials		Destination		
		Re-Use and Recycling		Disposal
Material	Estimated Volume	On-site	Off-site	Contractor / Landfill site
Excavation Material	n/a	-	-	-
Green Waste	n/a	-	-	-
Bricks	n/a	-	-	-
Concrete	n/a	-	-	-
Timber	n/a	-	-	-
Plasterboard	n/a	-	-	-
Metals	n/a	-	-	-
Other	n/a	-	-	-

**Construction**

Materials		Destination		
		Re-Use and Recycling		Disposal
Material	Estimated Volume	On-site	Off-site	Contractor / Landfill site
Excavation Material	<5m3	Re-use on site for landscaping	-	Waste Disposal Facility
Green Waste	<30m3	Re-use on site for landscaping	-	Waste Disposal Facility
Bricks	n/a	-	-	-
Concrete	<2m3	-	Concrete Recycler	Waste Disposal Facility
Timber	n/a	-	-	-
Plasterboard	n/a	-	-	-
Metals	<2m3	-	Scrap Metal Recycler	Waste Disposal Facility
Other	<5m3	-	-	Waste Disposal Facility

On-Going Use of a Premise

Type of waste to be generated	Expected volume (per week)	Proposed on-site storage and treatment facilities	Destination
General Waste	240L	240L Bins	Regular Council collection service
Recycling (paper/cardboard)	240L	240L Bins	Regular Council collection service

On-Going Management of a Premise

**Describe how you intend to ensure the on-going management of waste on-site (eg. Caretaker/management on site)**

General waste and recycling material will be stored in 240L bins and will utilise regular Council collection services.
