The objector cannot appeal if a Commission of Inquiry was held.

If the applicant appeals against this decision, objector(s) will be given a notice of the appeal and the objector(s) can apply to the Land and Environment Court within 28 days after the date of this appeal notice to attend the appeal and make submissions at that appeal.

Joint Regional Planning Panels

If the application was decided by a Joint Regional Planning Panel, please refer to Section 23H of the Environmental Planning and Assessment Act, 1979 (as amended) for any further regulations.

ATTACHMENT 1: CONDITIONS OF CONSENT

General

- 1 The development must be implemented substantially in accordance with the Site Plan, Waste Management Plan, Risk Management Plan, Statement of Environmental Effects and approved plans by Council, except as may be amended in red on the attached plans and by the following conditions:
- 2 The proprietor of the food business shall ensure that the requirements of the NSW Food Act 2003, NSW Food Regulation 2010 and the Australian and New Zealand Food Standards Code are met at all times.
- 3 A separate development application for the erection of a sign or advertising structure, other than an advertisement listed as exempt development, is to be submitted to Penrith City Council, complying with the requirements of Penrith Development Control Plan-Advertising Signs.
- 4 A hotline to receive complaints shall be established for the duration of the event. The hotline phone number(s) shall be provided to Penrith City Council with a contact name. The applicant shall address the complaints and amend any practice in consultation with Penrith City Council.
- 5 The circus is only permitted to operate between 25 July 2016 to 21 August 2016. The site is to be vacated on 22 August 2016 with setup commencing on the 25 July 2016.
- 6 A sign is to be displayed in a prominent position in the tent that specifies the following:
 - i. The maximum number of persons as specified in the development consent, that are permitted in the tent as a place of public entertainment;
 - ii. The name, address and telephone number of the council of the area in which the building is located.
Penrith City Council Civic Centre
601 High Street
Penrith NSW 2750
(02) 4732 7777
- 7 The circus is to abide by the National Consultative Committee for Animal Welfare (NCCAW) Position Statement No. 26 "Recommended National Circus Standards".
- 8 Dust suppression and minimisation strategies must be employed to manage potential dust nuisance within the sites. This is to apply to parking areas, access roads and with the event site.
- 9 This consent permits a maximum of **700 patrons** on the site at any give time; this includes patrons within the tent structure.
- 10 The following CPTED requirements are to be complied with:

Lighting

- Temporary lighting must be provided to illuminate key areas, including entry and exit points, toilets, the car park and designated access routes around the site. All areas intended to be used at night should allow appropriate levels of visibility.

- Lighting should have a wide beam of illumination, which reaches to the beam of the next light, or the perimeter of the site or area being traversed.

Building Security & Access Control

- Access control measures should be in place to restrict public access to designated areas only (e.g. security/staff at entrances to backstage and performance areas; mobile homes, caravans and trailers well secured).
- Office and ticket sales areas should be secure and accessible to staff only, with appropriate cash-handling procedures in place to avoid large amounts of cash being kept in office areas.
- After hours security patrols or a static guard are recommended to reduce opportunities for unauthorised access to the site and enhance property security.

Way Finding/Finding Help

- Internal and external signage shall be large and legible with strong colours, standard symbols (e.g. for toilets and entrances/exits) and simple graphics.
- Signs will assist with way-finding and indicate where to go for help or assistance.
- Signage should be erected to denote areas not intended for public access.

Amenities

- Toilets should be clearly visible and signposted.
- Entrances to toilets should be clear of all screening to allow surveillance by the public and staff. This increases patrons' sense of safety and decreases the likelihood of inappropriate activities occurring in the toilets.
- Doors should also have spring-opening hinges to allow doors to remain open when not in use.

Graffiti/Vandalism

- Bins will need to be stored within a secure position and not at risk of vandalism or graffiti.
- Graffiti to circus structures must be promptly removed.

11 The operating hours of the circus is restricted to:

Wednesday - Friday from 7:00pm - 9:15pm;
Saturday from 3:00pm - 9:15pm; and
Sunday from 10:00AM - 4:15pm.

- 12 All structures associated with the circus must be removed from the site in a safe manner at the conclusion of the event. The site shall be free of all structures and be returned to its original condition (free of all rubbish and debree) with grass cover established prior to the last day of use.
- 13 The site shall be rehabilitated at the cessation of occupancy to the satisfaction of Council.
- 14 The following requirements are to be complied with:-
- The area to the west of the pathway shown on the plans is not to be used for any purpose including car parking, storage of equipment or stabling.
 - All ground surfaces must be left clean and free from defects following the event.

Environmental Matters

- 15 The operating noise level of plant and equipment shall not exceed 5dB(A) above the background noise level when measured at the boundaries of the premises. The provisions of the Protection of the Environment Operations Act 1997 apply to the development, in terms of regulating offensive noise.
- 16 Amplified music is only permitted to be used within the Big Top structure.
- 17 Access and parking areas are to be managed to reduce any potential nuisances to surrounding properties. Soil, dirt or other material from these areas is not to be deposited on the road.
- 18 No noise generating activities are to occur on the site between 10:00pm and 9:00am.
- 19 All rubbish material is to be collected and stored in enclosed (lidded) bins and is to be disposed of to a licensed waste management facility. Waste bins are to be located in a secure position that is not at risk of vandalism.
- 20 No rubbish material is to enter the stormwater system or neighbouring properties.
- 21 Litter patrols are to be conducted after each performance to collect litter disposed of by patrons. The litter patrols are to include the circus site and associated carpark.
- 22 Only clean and unpolluted water is to be discharged into Penrith City Council's stormwater drainage system. Liquid wastes suitable for discharge to the mains sewer are to be discharged in accordance with Sydney Water requirements.

If mains sewer is not available or if Sydney Water will not allow disposal to the sewer then a licensed waste contractor is to remove the liquid waste from the premises to an appropriate waste facility.

The waste contractor and waste facility are to hold the relevant licenses issued by the NSW Environment Protection Authority (EPA).
- 23 The approved operational phase waste management plan must be implemented on-site and adhered to, with supporting documentation / receipts retained in order to verify the recycling and disposal of materials in accordance with the approved plans.
- 24 All wastewater from the mobile homes/caravans (including kitchen, toilet, laundry and shower water) is to be collected in a sanitary manner that does not create a nuisance or pollution event. All wastewater generated on site is to be removed from the site and disposed of at an authorised waste facility. No contaminated water is to enter the stormwater system or be discharged into any watercourse or onto land.
- 25 The proposed toilets are to be cleaned and serviced regularly. All wastewater generated from the toilets is to be disposed of to an authorised waste facility, No contaminated water is to enter the stormwater system or be discharged into any watercourse or onto land.
- 26 Animal manure is to be removed from the yards daily and disposed of in the proposed separate animal waste bin to a licensed waste management facility.
