Roof Tiles	0.5m3	On-site Bin/On-site skip	Concrush Pty Ltd Teralba	N/A
Wall Tiles	0.2m3	On-site Bin/On-site skip	By Contractor	By Contractor

On-Going Management Stage 2

- An area on site is barricaded during construction to store rubbish on site during construction.
- On Completion, rubbish is removed to various tips by contractors on site.
- As our materials are pre-fabricated and pre-calculated, a minimal waste is built up during construction.
- Contractors store waste in the correct position to ensure a safe working site
