

# WASTE MANAGEMENT PLAN

## DEMOLITION, CONSTRUCTION AND USE OF PREMISES

If you need more space to give details, you are welcome to attach extra pages to this form.

PLEASE COMPLETE ALL PARTS OF THIS FORM THAT ARE RELEVANT TO YOUR DEVELOPMENT APPLICATION (DA).

IF YOU NEED MORE SPACE TO GIVE DETAILS, YOU ARE WELCOME TO ATTACH EXTRA PAGES TO THIS FORM.

Council will assess the information you provide on this form along with your attached plans. We will take into account the types and volumes of waste that could be produced as a result of your proposed development, and how you are planning to:

- minimise the amount of waste produced
- maximise re-use and recycling
- store, transport and dispose of waste safely and thoughtfully.

### APPLICANT DETAILS

First name

PARED LTD.

Surname

Postal Address

Street No.

855

Street name

Old Northern Road

Suburb

Dural, NSW

Post code

2158

Contact phone number

9651 1177

Email address

| Metals<br>(Please specify type/s) | 400kg ±<br>(poles and fencing)                       | Reuse@<br>Wollemi College                                |   |                                      |
| Other                             | Nil  |  |   |                                      |

## SECTION 2: CONSTRUCTION

\*Please include details on the plans you submit with this form, for example location of on-site storage areas/containers, vehicle access point/s.

| Materials                      |  | Destination  |   |                                      |
|--------------------------------|--|--|---|--------------------------------------|
|                                |  | Re-use and recycling                                     |   | Disposal                             |
| Material                       | Estimated volume (m <sup>2</sup> or m <sup>3</sup> ) | ON-SITE*<br>Specify proposed re-use or on-site recycling | OFF-SITE<br>Specify contractor and recycling facility | Specify contractor and landfill site |
| Excavation (eg soil, rock)     | Nil  |  |   |                                      |
| Green waste                    | 3m <sup>3</sup>                                      | Can be reused on site                                    |   |                                      |
| Bricks                         | 1m <sup>3</sup>                                      |  | Excess in order to be taken by builder                | Disposed of in bin to approved tip   |
| Concrete                       | 0.5m <sup>3</sup>                                    |  | Builder to use off site                               | Disposed of in bin to approved tip   |
| Timber (Please specify type/s) | 0.5m <sup>3</sup>                                    |  |   | Disposed of in bin to approved tip   |
| Plasterboard                   | Nil  |  |   |                                      |
| Metals (Please specify type/s) | 0.5m <sup>3</sup>                                    |  |   | Disposed of in bin to approved tip   |
| Other                          | Nil  |  |   |                                      |

### SECTION 3: WASTE FROM ON-GOING USE OF PREMISES

| If relevant, please list the type/s of waste that may be generated by on-going use of the premises after the development is finished. | Expected volume (average per week) |
|---|------------------------------------|
| Enclosed hall should generate light to no waste   | Nil                                |
|   |                                    |
|   |                                    |
|   |                                    |

### SECTION 4: ON-GOING MANAGEMENT OF PREMISES

If relevant, please give details of how you intend to manage waste on-site after the development is finished, for example through lease conditions for tenants or an on-site caretaker/manager. Describe any proposed on-site storage and treatment facilities. Please attach plans showing the location of waste storage and collection areas, and access routes for tenants and collection vehicles.

The schools cleaners will keep hall clean & dispose of only unexpected waste to schools holding area for pick up by council or commercial contractors as negotiated by the school.
