Details of Application

Extension of existing cold storage facility, including building works, freezer, services

Description of buildings and other structures currently on the site:

Existing buildings include cold storage, administration offices, staff amenities and loading docks

Brief description of proposal:

- Demolition
- Excavation and building works associated with new extension to existing facilities
- New freezer,
- Refrigeration works
- Alteration to existing plant room,
- Electrical works
- Hydraulic works

Demolition Stage 1 – Controls for the Management and Minimisation of Waste

| Materials on Site | | Destination | | |
|-------------------------|--|--|---|--|
| | | Re-use and Recycling | | Disposal |
| Type of Material | Estimated Volume (m ³) or Area (m ²) | On Site • Specify proposed reuse or on site recycling methods | Off Site • Specify contractor and recycling outlet | • Specify contractor and landfill site |
| Excavation material | 45m ³ | | Strathbrook – SITA Eastern Creek | |
| Green waste | N/A | N/A | N/A | N/A |
| Concrete Blocks/Bricks | 15m ³ | | Strathbrook – Concrete Recyclers | |
| Concrete | 20m ³ | | Strathbrook – Concrete Recyclers | |
| Timber (please specify) | N/A | N/A | N/A | N/A |
| Plasterboard | N/A | N/A | N/A | N/A |
| Metals (please specify) | 6 ton | | Strathbrook – metal recyclers (SIMS) | |
| Other (please specify) | N/A | N/A | N/A | N/A |
| | | | | |

Section Two – Construction and Use.

The site plans indicate the following information:

Section 2 (a) Construction

All waste from construction will be disposed of via accredited and approved waste recycle facilities or approved landfill sites. All disposed material will be certified and receipts provided

Section 2 (b) Design of Facilities

N/A

Section 2 (c) Ongoing Management

Current Waste management plan for the existing facility to continue. All current arrangements to continue

Note: Some details sought within this section are unknown prior to appointment of a building contractor. As the land owner we acknowledge Council's desire to minimise waste. Council can be assured that it is normal practice to ensure that any appointed builder will undertake work in such a way that satisfies these objectives.

Construction Stage 2 (a) – Controls for the Management and Minimisation of Waste

| Materials on Site | | Destination | | |
|-------------------------|--|--|---|--|
| | | Re-use and Recycling | | Disposal |
| Type of Material | Estimated Volume (m ³) or Area (m ²) | On Site • Specify proposed reuse or on site recycling methods | Off Site • Specify contractor and recycling outlet | • Specify contractor and landfill site |
| Excavation material | 45m ³ | | Strathbrook – SITA Eastern Creek | |
| Green waste | N/A | N/A | N/A | N/A |
| Bricks | 15m ³ | | Strathbrook – Concrete Recyclers | |
| Concrete | 20m ³ | | Strathbrook – Concrete Recyclers | |
| Timber (please specify) | N/A | N/A | N/A | N/A |
| Plasterboard | 50m ² | | Strathbrook – SITA Eastern Creek | |
| Metals (please specify) | 6 ton | | Strathbrook – metal recyclers (SIMS) | |
| Other (please specify) | N/A | N/A | N/A | N/A |
| | | | | |

Design of Facilities Stage 2 (b) – Controls for the Management and Minimisation of Waste as Existing

| Type of Waste to be Generated | Expected Volume per week (litres or m ³) | Proposed On Site Storage and Treatment Facilities <ul style="list-style-type: none"> Specify proposed reuse or on site recycling methods | Destination <ul style="list-style-type: none"> Specify contractor and recycling outlet |
|--|--|---|---|
| General waste including food waste | N/A | N/A | N/A |
| Household Recyclables including paper, plastics, cardboard, bottles and cans | | N/A | N/A |
| Garden Organics – grass clippings and tree pruning | N/A | N/A | N/A |

Ongoing Management Stage 2(c)

The following is an outline of ongoing practises and procedures relating to the management of waste on-site.

Commercial

Existing Waste Management and Disposal Procedures to remain

Contractors Details

TBC – refer to current arrangements

Waste Facility or Recycling Outlet

TBC – refer to current arrangements

1. A garbage receptacle must be provided at the work site before works begin and must be maintained until the works are completed.
2. The garbage receptacle must have a tight fitting lid and be suitable for the reception of food scraps and papers.
