Trading as Stardust Circus

Waste Management Plan 2021

Persons in charge Mr Lindsay Lennon

Mrs Janice Lennon

- 1 Our Advance agent will arrive in St Marys approximately 2 weeks before the circus
and shall consult with a Waste Removal Contractor to supply adequate bins for ordinary waste and separate bins for recycling
- 2 We shall have a separate 3m bin for animal waste which is cleared daily from animal enclosures and night quarters
- 3 We shall position bins at front of the foyer tent as well as inside the main tent
- 4 The large bins will be emptied on a regular basis so as not to have any overflow
- 5 The Ringmaster makes an announcement before and at the end of each show to the Patrons to place their rubbish into the bins provided
- 6 All Grey Water will be collected in suitable containers and disposed of by local Waste Contractors
