Important Note for Development Applicants	
The following specification was used to achieve the thermal performance values indicated on the assessment declaration form. If they vary from the drawings or other specifications this specification shall take precedence. If only one specification option is detailed for a building element, that specification must apply to all instances of that element for the whole project. If alternate specifications are detailed, the location and extent of the alternate specification must be detailed below and/or clearly indicated on reference documentation.	
Once the development is approved by the consent authority, these specifications will become a condition of consent and must be included in the built works.	
This assessment has assumed that the NCC provisions for building sealing will be complied with at construction. No loss of insulation arising from sealing penetrations has been simulated.	
Thermal performance specifications	
External wall Construction	Insulation Colour
Brick Veneer	R2.0 Medium
Internal wall Construction	Insulation
Plasterboard	Nil
RAC Glass	Nil
Ceiling Construction	Insulation
Suspended slab	Nil
Roof Construction	Insulation Colour
Suspended slab (without coverings)	R2.0 Medium
Floor Construction	Insulation
Suspended slab	Nil
Windows	Glass & frame type U SHGC
Glazing	Single Autotinted 5.9 0.58
External window cover	
As shown	
Fixed shading-Excess	Width includes guttering, offset is distance above windows
Width as shown	Offset as shown
Fixed shading-Other	Verandahs, Pergolas (type & description)
Shaded areas & devices as shown	
For construction in NSW the NCC Vol 1 & 2 must be complied with regarding class 2 building, in particular the following:	
- Thermal construction in accordance with table 1 section J1.2 or table 2 part 3 J2.1.1 - Thermal loads in accordance with section J1.3(a) & 1.3(b) or part 3 J2.1.2(a) & 3 J2.1.4(b) - Compensation for loss of ceiling insulation in accordance with section J1.3(c) or Part 3 J2.1.2(a) - Floor insulation in accordance with Section J1.6(c) & (d) or Part 3 J2.1.5(a)(i) or (ii) & (c) & (d) - Building sealing in accordance with Section J5 or Part 3 J2.3.1 to 3 J2.3.9
