### 2. Calculation of the value of a Contribution Amount

#### 2.1 Timing for payment of Contribution Amount

- (a) Before the occurrence of a Trigger Event, the Developer must:
- (i) pay a Monetary Contribution in the amount of the Contribution Amount calculated in accordance with clause 2.2 of this Schedule 4;
  - (ii) where the value of the Offset Credits equals or exceeds the value of that Contribution Amount:
    - A. satisfy the Planning Minister of that fact; and
    - B. obtain an updated Offset Credits Schedule from the Planning Minister showing that the value of the Offset Credits has decreased by the value of that Contribution Amount; or
  - (iii) where the value of the Offset Credits is more than zero but is less than the value of that Contribution Amount:
    - A. satisfy the Planning Minister of that fact;
    - B. pay a Monetary Contribution in the amount of the difference; and
    - C. obtain an updated Offset Credits Schedule from the Planning Minister showing that the value of the Offset Credits has decreased to zero.

- (b) For the purpose of this deed, a Trigger Event occurs each time:
- (i) a Subdivision Certificate is issued;
  - (ii) a Construction Certificate is issued; or
  - (iii) if any part of the Development may be carried out without the need for a Subdivision Certificate or a Construction Certificate, then on the earlier of the following:
    - A. commencement of that part of the Development;
    - B. the issue of a Complying Development Certificate in respect of that part of the Development.
- (c) The parties agree that each of the requirements to provide a Monetary Contribution in this clause 2.1 of Schedule 4 and/or to obtain an updated Offset Credits Schedule from the Planning Minister is:
- (i) where the Trigger Event relates to a Construction Certificate - a restriction on the issue of a Construction Certificate for the purposes of section 6.8 of the Planning Act; and
  - (ii) where the Trigger Event relates to a Subdivision Certificate - a restriction on the issue of a Subdivision Certificate for the purposes of section 6.15 of the Planning Act.

## 2.2 Calculation of Contribution Amount

- (a) Each Contribution Amount will be an amount equal to the sum represented by "CA" in the following formula:

$$CA = pNDA \times WCR$$

where:

"pNDA" means the number of hectares comprised in the NDA of each Land Parcel:

- (i) that is the subject of an application for a Construction Certificate; or
- (ii) that is the subject of an application for a Subdivision Certificate (excluding the NDA comprised in any Residue Super Lot that will be created upon the issue of that Subdivision Certificate); or
- (iii) on which any part of the Development is to be carried out without the need for a Construction Certificate or Subdivision Certificate,

excluding any NDA in that Land Parcel for which a Contribution Amount has already been provided under this deed.

"WCR" is the amount representing the WSEA contribution rate, which:

- (iv) at the date of this deed is \$193,636; and
  - (v) is adjusted from time to time in accordance with clause 2.2(b) of this Schedule 4.
- (b) On each CPI Adjustment Date, the value of WCR is to be adjusted by multiplying \$193,636 by an amount equal to the Current CPI divided by the Base CPI.

## 2.3 Offset Credits Schedule

- (a) The Planning Minister will prepare or update the Offset Credits Schedule:
- (i) on the commencement of this Deed;
  - (ii) after a Land Contribution is delivered in accordance with this deed - increasing the value of the Offset Credits by the amount of the value of that Land Contribution as determined in accordance with this deed;
  - (iii) after a reconciliation for a WIK Contribution has been completed in accordance with this deed - increasing the value of the Offset Credits by the amount of that WIK Contribution as determined in accordance with this deed;
  - (iv) after the Developer satisfies the Planning Minister in accordance with clause 2.4(b)(ii) of this Schedule 4 in relation to a Deferred Contribution Amount (as defined in clause 2.4(a) of this Schedule 4) - decreasing the value of the Offset Credits by the amount of that Deferred Contribution Amount;
  - (v) after an amount of Offset Credits has been applied to discharge (in whole or in part) an obligation to provide a Contribution Amount calculated under clause 2.2(a) of this Schedule 4 - decreasing the value of the Offset Credits by the amount applied;
  - (vi) upon the Planning Minister agreeing to the application of Offset Credits to discharge an External WSEA Obligation under clause 4.1 of this Schedule 4 - decreasing the value of the Offset Credits by the amount of the External WSEA Obligation;
  - (vii) upon the Sunset Date or the occurrence of the final reconciliation referred to in clause 4.3 of this Schedule 4;
  - (viii) if it becomes apparent that there is an error or inaccuracy in the Offset Credits Schedule - to correct that error or inaccuracy;
  - (ix) after each CPI Adjustment Date, showing the indexed value of the Offset Credits;
  - (x) upon request by the Developer; and
  - (xi) at such other times as the Planning Minister may determine.
- (b) The Planning Minister will use his best endeavours to provide an updated Offset Credits Schedule within 5 Business Days of the occurrence of any of the events listed at clause 2.3(a) of this Schedule 4.

## 2.4 Extension of time for payment of Contribution Amount

- (a) If:
- (i) a Monetary Contribution is required to be paid under clause 2.1(a)(i) or 2.1(a)(iii)B of this Schedule 4 because the Developer has insufficient Offset Credits to discharge the obligation to provide the Contribution Amount;
  - (ii) the Planning Minister grants a WIK Approval;

- (iii) the date for Practical Completion of the WIK Contribution the subject of that WIK Approval has not passed; and
- (iv) the Developer provides the Planning Minister with a further Bank Guarantee with a face value of 10% of the value of the Deferred Contribution Amount,

then, subject to clause 2.4(e) of this Schedule 4, the time for payment of part or all of that Contribution Amount (**Deferred Contribution Amount**) is extended until the earlier of:

- (v) the date of Practical Completion of the WIK Contribution; and
- (vi) the date for Practical Completion of the WIK Contribution.

(b) The Developer may discharge its obligation to pay a Deferred Contribution Amount at any time by:

- (i) paying the full amount of the Deferred Contribution Amount as determined in accordance with this deed at that time; or
- (ii) where the amount of the Offset Credits has increased since the Deferred Contribution Amount would have been payable but for clause 2.4 of this Schedule 4:
  - A. satisfying the Planning Minister that the value of the Offset Credits equals or exceeds the value of that Deferred Contribution Amount as determined in accordance with this deed at that time; and
  - B. obtaining an updated Offset Credits Schedule from the Planning Minister showing that the value of the Offset Credits has decreased by the value of that Deferred Contribution Amount.

(c) If the Developer discharges its obligation to pay a Deferred Contribution Amount in accordance with clause 2.4 of this Schedule 4, the Planning Minister will return the Bank Guarantee relating to that Deferred Contribution Amount.

(d) The Developer must pay interest in accordance with clause 5 on the value of a Deferred Contribution Amount, from the date for Practical Completion of the relevant WIK Contribution until the date of Practical Completion of the relevant WIK Contribution.

(e) The Planning Minister:

- (i) may not issue a demand for payment of a Deferred Contribution Amount until the earlier of the date of Practical Completion of the WIK Contribution and the date that is 12 months after the date for Practical Completion of the WIK Contribution if the Developer demonstrates to the Planning Minister's reasonable satisfaction that:
  - A. the Developer has used its best endeavours to achieve Practical Completion of the WIK Contribution by the date for Practical Completion of the WIK Contribution and the reason for it not being able to do so was beyond the Developer's control; and
  - B. the WIK Contribution is at least 60% complete and the developer confirms in writing to the Planning Minister that

Practical Completion of the WIK Contribution will be achieved by the date that is 12 months after the date for Practical Completion of the WIK Contribution.

- (ii) may not issue a demand for payment of a Deferred Contribution Amount until after the Planning Minister has issued an updated Offset Credits Schedule in accordance with clause 2.3(a)(iii) of this Schedule 4, increasing the value of the Offset Credits by the amount of the Approved Actual Costs, if:
  - A. Practical Completion of the WIK Contribution has been achieved; and
  - B. the Developer has been provided with an opportunity to provide a WIK Actual Contribution Report and has done so by the time required by clause 3.5 (a) of this Schedule 4.

## 2.5 Sunset Date

- (a) On the Sunset Date, the Developer must pay to the Planning Minister an amount representing the value of the Development Contributions for the whole of the Land (calculated in accordance with clause 2.5(b) of this Schedule 4) less the sum of the Contribution Amounts calculated in accordance with clause 2.2 of this Schedule 4 which have been provided by the Developer and the current balance of available Offset Credits:
  - (i) irrespective of whether or not the "Timing" for delivery of any part of the Development Contributions identified in clause 1 of this Schedule 4 has passed; and
  - (ii) irrespective of whether any Trigger Event has occurred, provided that at least one Trigger Event has occurred.
- (b) The value of the Development Contributions is the amount equal to the sum represented by "DC" in the following formula:

$$DC = NDH \times WCR$$

where:

"NDH" means the number of hectares comprised in the Net Developable Area of the Land as though an application for a Subdivision Certificate had been made in respect of the whole of the Land and there are no Residue Super Lots; and

"WCR" is the amount representing the WSEA contribution rate, which:

- (i) at the date of this deed is \$193,636; and
- (ii) is adjusted from time to time in accordance with clause 2.2(b) of this Schedule 4.

## 3. Works in Kind Contribution and Land Contribution

### 3.1 Fitzpatrick Developer's election to provide WIK Contribution

- (a) The Developer acknowledges that the Fitzpatrick Developer and the Planning Minister have entered into the Fitzpatrick VPA with the Planning Minister under which the Fitzpatrick Developer may elect to deliver the Northern WNSL Road Section, unless by 31 December 2019, the Developer has submitted a WIK

Proposal which includes the Northern WNSL Road Section and obtained a WIK Approval for that WIK Proposal under this deed.

- (b) The Developer must provide the Fitzpatrick Developer with written notice as to the occurrence or non-occurrence of the submission and approval of the WIK Proposal referred to in clause 3.1(a) of this Schedule 4 by the date identified in that clause.
- (c) The Developer must, as soon as practicable, and by no later than 3 months after the date of this deed, prepare a survey plan delineating the Fitzpatrick Road Land for the purpose of enabling that land to be subdivided and dedicated by the Fitzpatrick Developer, and must provide that plan to the Planning Minister for review and approval.

### 3.2 Provision of WIK Contribution

If the Planning Minister issues a WIK Approval for a WIK Contribution in accordance with clause 4.3 of this deed, the delivery of the WIK Contribution and the determination of the value of the Offset Credits attributable to the WIK Contribution will follow a three step process, set out below in clauses 3.3 to 3.5 of this Schedule 4 which, in summary only, follows these steps:

- (a) **(Step 1 - Estimate)** reaching agreement on, or otherwise having determined as outlined below the Maximum WIK Value;
- (b) **(Step 2 - Delivery)** undertaking the necessary works to achieve Practical Completion of the WIK Contribution; and
- (c) **(Step 3 - Reconciliation)** a reconciliation of Actual Costs incurred by the Developer for the WIK Contribution with the Maximum WIK Value determined by the Planning Minister.

### 3.3 Step 1- Contributions Estimates

- (a) Prior to commencing work for a WIK Contribution and unless a later date is agreed with the Planning Minister, within 120 Business Days of receiving a WIK Approval relating to that WIK Contribution, the Developer must:
  - (i) obtain all necessary Authorisations to carry out the works for the WIK Contribution;
  - (ii) enter into a Road Works Agreement for the WIK Contribution in accordance with clause 4.3(g) of this Deed;
  - (iii) provide the Planning Minister with a notice (**WIK Estimate Notice**) which sets out:
    - A. an estimate of the Actual Costs to complete the WIK Contribution including reasonable contingencies;
    - B. details of:
      - 1) the Authorisations obtained to carry out the works for the WIK Contribution;
      - 2) any security which the Roads Authority requires for the WIK Contribution and (if applicable) the Land Contribution under the proposed Road Works Agreement; and

- (iv) provide construction drawings for the WIK Contribution which have been certified and approved by the Roads Authority and any other relevant public authorities; and
  - (v) provide a copy of the executed Road Works Agreement to the Planning Minister with the Contributions Estimate Notice.
- (b) The Planning Minister will not withhold his agreement to a later date under clause 3.3(a) of this Schedule 4 if the Developer satisfies the Planning Minister that the Developer has used its best endeavours to meet that date and the reason for it not being able to do so was the action or inaction of a third party which was beyond the Developer's control.
- (c) The Planning Minister will notify the Developer in writing, within 20 Business Days after receiving the WIK Estimate Notice and the material specified in clause 3.3(a) of this Schedule 4, whether or not the Planning Minister accepts the estimate of costs in the WIK Estimate Notice as the Maximum WIK Value.
- (d) If the Planning Minister notifies the Developer that the Planning Minister does not accept that estimate of costs as the Maximum WIK Value, the parties must negotiate in good faith and use their best endeavours to agree the Maximum WIK Value.
- (e) If 20 Business Days (or such other period as the parties may agree) have passed since the date on which the Planning Minister's notice was provided under clause 3.3(c) of this Schedule 4 and the parties have not reached agreement on the Maximum WIK Value, then the Planning Minister may, after consulting with the Roads Authority, and acting reasonably, determine the Maximum WIK Value.
- (f) Nothing in this clause 3.3 of this Schedule 4 prevents a party from providing the other party with a notice of dispute in accordance with clause 8.2 of this deed.

### 3.4 Step 2 - Delivery - WIK Contribution

The Developer must:

- (a) within 15 Business Days of receiving notice of the Planning Minister's determination of the Maximum WIK Value, provide any further security required under Schedule 5;
- (b) where the WIK Contribution is not the subject of a WAD:
  - (i) within 35 Business Days of receiving notice of the Planning Minister's determination of the Maximum WIK Value, provide to the Planning Minister (for the Planning Minister's review) the proposed Construction Contract for the delivery of the WIK Contribution, which:

- revised version of the Construction Contract incorporating those comments, for the Planning Minister's approval;
- (c) where the WIK Contribution is the subject of a WAD, ensure that the Construction Contract:
    - (i) is entered into with an Acceptable Contractor (and not any other counterparty unless approved by the Planning Minister);
    - (ii) is consistent with the Key Road Work Terms;
    - (iii) identifies a superintendent to oversee the work under the Construction Contract;
    - (iv) identifies the terms and conditions applicable to carrying out the construction, practical completion and handover of the WIK Contribution; and
    - (v) identifies the proposed contract value for the WIK Contribution; and
  - (d) within 15 Business Days of receiving the Planning Minister's approval to the proposed Construction Contract under clause 3.4(b) of this Schedule 4, or if the WIK Contribution is the subject of a WAD, within 15 Business Days of execution of the Construction Contract, provide the Planning Minister with a copy of the Construction Contract as executed by the Developer and the Acceptable Contractor;
  - (e) comply in all respects with the Road Works Agreement for the WIK Contribution;
  - (f) comply in all material respects with the Construction Contract for the WIK Contribution;
  - (g) notify the Planning Minister if the Developer becomes aware that there has been, or is likely to be, a non-compliance with the Key Road Works Terms, or with the Road Works Agreement for the WIK Contribution that is likely to materially affect the date of Practical Completion, specifying:
    - (i) the nature of the non-compliance or likely non-compliance; and
    - (ii) how and when the Developer will ensure that the non-compliance is rectified or the likely non-compliance is avoided (as the case may be); and
  - (h) give the Planning Minister written notice at least 40 Business Days prior to the date of Practical Completion of the WIK Contribution;
  - (i) give the Planning Minister written confirmation from the Roads Authority that Practical Completion of the WIK Contribution has been achieved to its satisfaction; and

### 3.5 Step 3 - WIK Reconciliation

- (a) Within 60 Business Days after Practical Completion of a WIK Contribution has been achieved, the Developer must submit:

- (i) a report to the Planning Minister (**WIK Actual Contribution Report**) which:
    - A. provides an itemised breakdown and details of the Actual Costs incurred by the Developer, including accounts for the Actual Costs;
    - B. shows that the Actual Costs have been reduced by the amount of any input tax credit which the Developer is entitled to claim; and
    - C. provides a reconciliation of the Actual Costs with the Maximum WIK Value, together with a report by an independent quantity surveyor who is appointed with the consent of the Planning Minister (acting reasonably), which supports that reconciliation and which confirms that it is the opinion of the quantity surveyor that each item of the proposed Actual Costs is reasonable in quantum and was reasonably incurred;
  - (ii) a tabulated and indexed folder of tax invoices for, and documentary evidence of the payment of, each of the items which the Developer proposes as Actual Costs;
  - (iii) such other information that the Planning Minister requests to enable the Planning Minister to determine the Actual Costs.
- (b) The Planning Minister may commission an accountant or a quantity surveyor (or both) at the Developer's expense, to review the materials submitted by the Developer and to assist with the Planning Minister's determination of the Actual Costs.
  - (c) Within 60 Business Days after receiving a WIK Actual Contribution Report from the Developer, the Planning Minister must advise the Developer in writing of the Approved Actual Costs, being the Actual Costs that the Planning Minister determines in accordance with the definition of Actual Costs will be applied for the purposes of the WIK Reconciliation.
  - (d) Nothing in this clause 3.5 of Schedule 4 prevents a party from providing the other party with a notice of dispute in accordance with clause 8.2 of this deed.

### 3.6 Provision of Land Contribution

If the Planning Minister issues a WIK Approval which relates to a Land Contribution, the delivery of the Land Contribution and the determination of the value of the Offset Credits attributable to the Land Contribution will follow the following process and is subject to the following requirements:

- (a) The Developer must (at its cost) prepare and register a plan of subdivision to create a separate lot or lots for any Land Contribution (which is to include batters that are outside the paved surface of the road and verge), before the due date for delivery of the Land Contribution (which, for the avoidance of doubt, will either be the date for Practical Completion of the associated WIK Contribution or a different date agreed by the Planning Minister in writing in accordance with clauses 3.6(d)(i) and 3.9 of Schedule 4).
- (b) On the date that is 80 Business Days before the anticipated date of Practical Completion of the associated WIK Contribution, the Developer must request that the Planning Minister give notice to the Developer nominating the person to whom the Land Contribution is to be transferred (**Nominated Transferee**).

- (c) Within 30 Business Days after receiving the request under clause 3.6(b) of this Schedule 4, the Planning Minister must issue a notice identifying the Nominated Transferee.
- (d) The Developer must:
- (i) by the date for Practical Completion of the associated WIK Contribution, unless a different date is agreed by the Planning Minister in writing, procure the transfer of any Land Contribution to the Nominated Transferee for \$1; and
  - (ii) deliver to the Nominated Transferee:
    - A. a form of transfer in respect of the Land Contribution executed by the registered proprietor of that land and in registrable form; and
    - B. the certificates of title for the Land Contribution;
  - (iii) promptly comply, or procure compliance with, any requisitions raised by the Registrar-General in relation to the transfer of any Land Contribution; and
  - (iv) take any other necessary action (including paying stamp duty associated with the transfer or contract for sale) to give effect to the transfer of the title of the Land Contribution to the Nominated Transferee free of all encumbrances and affectations (including any, charge or liability for rates, Taxes and charges) except as agreed with the Nominated Transferee and the Planning Minister.
- (e) The Developer will pay, or shall procure that the registered proprietor of the relevant land pays, all rates and Taxes owing in respect of any Land Contribution up to and including the date on which the Developer delivers the form of transfer and certificates of title for the Land Contribution to the Nominated Transferee or the date on which the Nominated Transferee acquires the Land (as the case may be), after which time the Nominated Transferee will be responsible for all rates and Taxes in relation to the land subject to the Land Contribution.
- (f) The Developer indemnifies and agrees to keep indemnified the Planning Minister and the Nominated Transferee from and against all Liabilities connected in any way to any Contamination which:
- (i) existed on or before the date on which the Land Contribution is transferred to or acquired by the Nominated Transferee; or
  - (ii) occurs as a result of the acts or omissions of the Developer or the Landowner or any of either of their Associates.
- (g) The Developer:
- (i) must ensure that the Land Contribution is transferred to the Nominated Transferee without the Planning Minister or the Nominated Transferee incurring any Acquisition Cost in connection with that Land Contribution or its acquisition or transfer; and
  - (ii) indemnifies the Planning Minister and the Nominated Transferee in relation to any failure to comply with clause 3.6(g)(i) of this Schedule 4.
- (h) The value of a Land Contribution shall be calculated by reference to the following table, by multiplying the area of the land which meets the criteria in the first and

second columns by the corresponding rate in the third column (**Agreed Valuation Rate**):

Tenure	Zoning	Agreed Valuation Rate
Freehold	IN1 General Industrial	\$300 per m <sup>2</sup>
	E2 Environmental Conservation	\$90 per m <sup>2</sup>
Easement	Any	\$75 per m <sup>2</sup>
WaterNSW Land (surface land)	SP2 Infrastructure	\$90 per m <sup>2</sup>
WaterNSW Land (stratum land)	SP2 Infrastructure	\$25 per m <sup>2</sup>

On each CPI Adjustment Date that occurs on or after 1 July 2019, the Agreed Valuation Rate is to be adjusted by multiplying each of the rates specified in the third column by an amount equal to the Current CPI divided by the CPI number for the quarter ending 31 March 2019.

- (i) Subject to clause 3.6(j) of this Schedule 4, the Planning Minister will recognise the amount calculated under clause 3.6(h) of this Schedule 4 as the value of the Land Contribution upon the Land Contribution being:
- (i) transferred to the Nominated Transferee in accordance with clause 3.6(d) of this Schedule 4; or
  - (ii) compulsorily acquired by the Planning Minister in accordance with clause 3.7 of this Schedule 4.
- (j) If the Developer has received, will receive, or has entered into any arrangement under which it may receive any financial benefit from a third party, for the reservation, transfer or acquisition of the Land Contribution, the value of the land which is the subject of the Land Contribution is deemed to have been reduced by an amount representing the value of that financial benefit.

### 3.7 Compulsory Acquisition

- (a) If the Developer or the Landowner does not transfer the Land Contribution as required by clause 3.6(d) of this Schedule 4, the Planning Minister may elect to, and the Developer and the Landowner consent to, the Planning Minister compulsorily acquiring the whole or any part of the Relevant Land in accordance with the *Land Acquisition (Just Terms Compensation) Act 1991* (NSW), for the amount of \$1.
- (b) The Developer and the Planning Minister agree that:
- (i) clause 3 of this Schedule 4 is an agreement between them for the purposes of section 30 of the *Land Acquisition (Just Terms Compensation) Act 1991* (NSW); and

- (ii) in clause 3 of this Schedule 4 they have agreed on all relevant matters concerning the compulsory acquisition and the compensation to be paid for the acquisition.
- (c) The Developer indemnifies and keeps indemnified the Planning Minister, the Nominated Transferee and the Roads Authority against any Acquisition Cost incurred by the Planning Minister, the Nominated Transferee or the Roads Authority in connection with any acquisition of the whole or any part of the Relevant Land, including any compensation or amount payable to any person who immediately before the acquisition had an 'interest' in the Relevant Land within the meaning of the *Land Acquisition (Just Terms Compensation) Act 1991* (NSW).

### 3.8 Reimbursement of the Planning Minister's Costs

The Developer must pay to the Planning Minister or the Nominated Transferee, promptly on demand, an amount equivalent to any Acquisition Costs which the Planning Minister or the Nominated Transferee incurs in acquiring the Relevant Land, if the Developer does not transfer the Land Contribution as required by clause 3.6(d) of this Schedule 4.

### 3.9 Extension of time for provision of Land Contribution

- (a) The Planning Minister will not withhold his agreement to a later date for the delivery of a Land Contribution under clause 3.6(d)(i) of this Schedule 4 if:
  - (i) the later date is not more than 12 months after the date of Practical Completion of the associated WIK Contribution;
  - (ii) the Developer satisfies the Planning Minister that:
    - A. the Developer has used its best endeavours to deliver the Land Contribution by the date for Practical Completion of the associated WIK Contribution and the reason for it not being able to do so was the inaction of another Government Authority which was beyond the Developer's control;
    - B. members of the public will, at all times, have the right to access, be on and use the WIK Contribution as if it had been dedicated as a public road and the Land Contribution had been delivered to the Nominated Transferee;
    - C. the Developer holds and will maintain at its cost, until the date that the Land Contribution is delivered to the Nominated Transferee, insurance policies on terms satisfactory to the Planning Minister (acting reasonably) which extend the benefit of cover to the Roads Authority and the Planning Minister by naming them as additional insureds and which provide cover on an occurrence basis for:
      - 1) any damage to or destruction of the associated WIK Contribution; and
      - 2) public liability risk in an amount of \$20 million.
- (b) If the Planning Minister agrees to a later date for the delivery of a Land Contribution under clause 3.6(d)(i) of this Schedule 4, the Developer must ensure that:
  - (i) clauses 3.9 (a)(ii) B, and (a)(ii)C of this Schedule 4 are satisfied;

- (ii) the works comprising the WIK Contribution are repaired and maintained at the Developer's cost to a standard acceptable to the Roads Authority until the Land Contribution is delivered to the Nominated Transferee;
  - (iii) any damage to the WIK Contribution which occurs before the Land Contribution is delivered to the Nominated Transferee is made good at the Developer's cost to a standard acceptable to the Roads Authority; and
  - (iv) any proceeds received by the Developer from a claim on the insurances for damage to or destruction of the associated WIK Contribution will be directed to the cost of rectifying or replacing the WIK Contribution.
- (c) The Developer must indemnify and keep indemnified the Planning Minister and the Roads Authority from and against all Liabilities that the Planning Minister or the Roads Authority may sustain or incur as a result, arising out of or in connection with:
- (i) any breach of this clause 3.9 of Schedule 4 by the Developer;
  - (ii) any injury to or death of any person including any injury to or death of a member of the public having the right to access, be on and use the WIK Contribution;
  - (iii) any damage to the WIK Contribution; or
  - (iv) any damage to or loss of property arising out of the use of the WIK Contribution.
- (d) The indemnity in clause 3.9(c) of this Schedule 4 will not apply to the extent the Liability is directly caused or contributed to by the negligent or wilful acts or omissions of the Planning Minister or the Roads Authority.

---

## **4. Excess Contributions and Additional Payments**

### **4.1 Use of Offset Credits at other WSEA SEPP land**

- (a) The Developer must not apply, or purport to apply, or agree to or allow any other person to apply or purport to apply, an amount of Offset Credits to discharge an obligation to make a development contribution except in accordance with this deed.
- (b) The Planning Minister may, in his absolute discretion, allow the Developer to apply an amount of Offset Credits to discharge an External WSEA Obligation.
- (c) If the Planning Minister agrees to allow an amount of Offset Credits to be applied to discharge an External WSEA Obligation:
  - (i) that amount of Offset Credits will be taken to have been surrendered to the Planning Minister; and
  - (ii) the Planning Minister will provide an updated Offset Credits Schedule to the Developer showing that the value of the Offset Credits has decreased by that amount.

### **4.2 Oakdale Central Deferred Contribution Amount**

- (a) Subject to clause 4.2(b) of this Schedule 4, if the Planning Minister issues a WIK Approval for Separable Portion 1 or the WNSL Road (with or without Separable Portion 2), the Developer may elect to have an obligation to make a development contribution under the Oakdale Central VPA treated as though it were an obligation

on the Developer to provide a Contribution Amount under this deed, with the effect that, on and from the date on which the WIK Approval is issued by the Planning Minister:

- (i) the obligation to make the development contribution under the Oakdale Central VPA is treated by the Planning Minister as having been discharged, and the Planning Minister agrees that this clause 4.2(a)(i) operates as a deed poll in favour of the parties to the Oakdale Central VPA;
  - (ii) the Developer is required to provide a Contribution Amount equal to the value of that development contribution (as indexed, and inclusive of interest calculated under the Oakdale Central VPA) (**Oakdale Central Deferred Contribution Amount**), in addition to any other obligations it has under this deed;
  - (iii) on each CPI Adjustment Date, the value of the Oakdale Central Deferred Contribution Amount is to be adjusted by multiplying it by an amount equal to the Current CPI divided by the Base CPI;
  - (iv) the Developer must pay interest in accordance with clause 5 of this deed on the value of the Oakdale Central Deferred Contribution Amount, on and from the date that the WIK Approval is issued, until the date on which the obligation to provide the Oakdale Central Deferred Contribution Amount is discharged in full under this deed;
  - (v) subject to clause 4.2(c), the time for payment of the Oakdale Central Deferred Contribution Amount is extended until the earlier of the date for Practical Completion of the WIK Contribution and the date of Practical Completion of the WIK Contribution; and
  - (vi) clauses 2.4(b) and (c) of this Schedule 4 apply to the Oakdale Central Deferred Contribution Amount as if it were a Deferred Contribution Amount.
- (b) The Developer must:
- (i) make the election under clause 4.2(a) of this Schedule 4 by written notice to the Planning Minister, within 10 Business Days of the issue of the WIK Approval to which that clause refers, unless a longer date is agreed with the Planning Minister;
  - (ii) prior to making the election:
    - A. provide the Planning Minister with a further Bank Guarantee with a face value equivalent to 110% of the value of the Oakdale Central Deferred Contribution Amount at that time, plus the future value of the interest which will be payable on the Oakdale Central Deferred Contribution Amount assuming that payment occurs on the date for Practical Completion of the WIK Contribution;
    - B. provide the Planning Minister with all necessary information and workings to enable the Planning Minister to determine the Oakdale Central Deferred Contribution Amount under the Oakdale Central VPA, and the amount of the further Bank Guarantee, independently of the Developer; and
    - C. satisfy the Planning Minister that the value of the WIK Contribution which is the subject of the WIK Approval to which that clause refers, and any associated Land Contribution, is

likely to exceed the value of the Development Contributions Amount (as defined in clause 4.3(b)(i) below) by an amount which is greater than or equal to the Oakdale Central Deferred Contribution Amount.

- (c) Clause 2.4(e) of this Schedule 4 applies to the Oakdale Central Deferred Contribution Amount as if it were a Deferred Contribution Amount.

### 4.3 Final reconciliation

- (a) The Developer must provide written notice to the Planning Minister, at least 30 Business Days prior to the occurrence of the final Trigger Event for the Development, evidence which the Planning Minister (acting reasonably) requires to determine that the Trigger Event will be the last to occur prior to completion of the Development (**Final Trigger Event Notice**).

- (b) As soon as practicable after receiving the Final Trigger Event Notice, the Planning Minister will undertake a final reconciliation which will:

- (i) determine the total value of the Contribution Amounts which would have been payable based on the actual NDA for the Land, calculated on the assumption that the Contribution Amounts would have been payable on the date of the final reconciliation (**Development Contributions Amount**); and

- (ii) reconcile the Development Contributions Amount against the sum of:

- A. the value (adjusted in accordance with clause 4.3(c) of this Schedule 4) of any Land Contribution which has been delivered to the Planning Minister or the Nominated Transferee;
- B. the value (adjusted in accordance with clause 4.3(c) of this Schedule 4) of the Monetary Contributions which the Developer has paid;
- C. if the Developer has elected to deliver, and has delivered, one or more WIK Contributions, the lesser of the aggregated Approved Actual Costs of the WIK Contributions delivered and the Maximum WIK Value (in either case, adjusted in accordance with clause 4.3(c) of this Schedule 4

less the value (adjusted in accordance with clause 4.3(c) of this Schedule 4) of any Offset Credits which have been applied, or any Monetary Contributions which have been paid, to discharge an External WSEA Obligation (including the Oakdale Central Deferred Contribution Amount) under clause 4.1 of Schedule 4, or any obligation to pay interest under this deed

(**Interim Contribution Amount**).

- (c) When calculating the Interim Contribution Amount, the Minister must adjust the value of any Development Contributions or Offset Credits referred to in clause 4.3(b)(ii) of this Schedule 4 by multiplying each original value by an amount equal to the Current CPI divided by the CPI number for the quarter ending immediately before 31 March in the year during which the relevant Development Contribution was made or the relevant Offset Credit was surrendered.

- (d) Where the final reconciliation indicates that the Interim Contribution Amount provided by the Developer in accordance with this Schedule 4 is less than the

Development Contributions Amount, then the Developer must pay the shortfall as a Monetary Contribution to the Planning Minister within 10 Business Days of receiving a notice from the Planning Minister notifying the Developer of the shortfall.

- (e) Where the final reconciliation indicates that the Interim Contribution Amount provided by the Developer in accordance with this Schedule 4 exceeds the Development Contributions Amount, then the Developer will be entitled to a credit for the amount that the value of the Development Contribution provided exceeds the Development Contributions Amount (**Excess Contributions Credit**) in accordance with clauses 4.3(f) and (g) of this Schedule 4.
- (f) Subject to clause 4.3(h) of this Schedule 4, any Excess Contributions Credit which has been generated under this deed may be used by:
- (i) the Developer,
  - (ii) a Related Body Corporate (within the meaning of the *Corporations Act 2001 (Cth)*) of the Developer; or
  - (iii) any other person which the Planning Minister determines to approve on written request by the Developer,

(**Contributions Credit Recipient**) to discharge an External WSEA Obligation which relates to land which is owned by that Contributions Credit Recipient.

- (g) An Excess Contributions Credit is taken to have been used for the purpose of this Schedule 4 when the Planning Agreement provides for the use of the Excess Contributions Credit or when the Contributions Credit Recipient notifies the Planning Minister that it wishes to use an Excess Contributions Credit and the Excess Contributions Credit is accounted for by the Planning Minister on its contributions credit schedule.
- (h) The parties agree that any Excess Contributions Credit which has been generated under this deed must be used by the Contributions Credit Recipient in accordance with this clause 4.3 of this Schedule 4 within 15 years of the date of the final reconciliation unless the Planning Minister agrees in writing to a longer period than 15 years. After that time it will be taken to have been wholly surrendered and forfeited to the Planning Minister and no Claim may be made against the Planning Minister in respect of any such surrender or forfeiture.
- (i) Any Excess Contributions Credit which has been generated under this deed, and which has not been used in accordance with clauses 4.3(f) – (h), will be adjusted on each CPI Adjustment date until that Excess Contribution Credit has been used, in accordance with the following formula:

$$CC = PC \times \frac{\text{Current CPI}}{\text{Base CPI}}$$

Where

**CC** is the newly adjusted Excess Contributions Credit

the terms **Current CPI** and **Base CPI** are defined in clause 1.1

**PC** means the amount of the Excess Contributions Credit on the date on which that Excess Contributions Credit was generated.

## Schedule 5 - Security terms (clause 6)

### 1. Provision of Security

- (a) Prior to the issue of a Satisfactory Arrangements Certificate by the Secretary for a Stage of the Development, the Developer must provide to the Planning Minister one or more Bank Guarantees with a total face value equivalent to 100% of the Monetary Contributions which the Planning Minister estimates would be payable under this deed for that Stage of the Development.
- (b) If, after execution of this deed, the Developer elects to provide a WIK Contribution, then within 15 Business Days of receiving notice of the Planning Minister's determination of the Maximum WIK Value, the Developer must provide to the Planning Minister further Bank Guarantees with a total face value equivalent to the difference between the Maximum WIK Value and the face value of the Security held by the Planning Minister which was provided under clause 1(a) of this Schedule 5.
- (c) If the Developer:
- (i) enters into a Road Works Agreement with the Roads Authority in relation to the WIK Contribution in accordance with this deed; and
  - (ii) provides security to the Roads Authority under that Road Works Agreement which would have met the definition of a Bank Guarantee in clause 1.1 of this deed had it been provided to the Planning Minister under this deed,

then the amount of Security required to be provided under clauses 1(a) and (b) of this Schedule 5 for a particular Stage will be reduced by the amount of the security provided under that Road Works Agreement.

### 2. Claims under Bank Guarantees

- (a) The Planning Minister may:
- (i) call upon the Security where the Developer has failed to comply with any obligation in this deed, including to:
    - A. pay a Contribution Amount, a Deferred Contribution Amount, the Oakdale Central Deferred Contribution Amount, or interest;
    - B. deliver a WIK Contribution or an associated Land Contribution; or
    - C. pay money to the Planning Minister under this deed (including for Acquisition Costs under clause 3.8 of Schedule 4),
 by the time required by this deed; and
  - (ii) retain and apply monies obtained from the call upon the Security towards any costs and expenses incurred by the Planning Minister in rectifying such failures.
- (b) For the purposes of this deed, any costs and expenses which another Authority incurs in rectifying a failure under this deed are taken to be costs and expenses incurred by the Planning Minister in rectifying such a failure.

- (c) Prior to calling upon the Security, the Planning Minister must give the Developer not less than 10 Business Days written notice of his or her intention to call upon the Security.
- (d) The Developer may, within 10 Business Days of the date of the notice in clause 2(c) of this Schedule 5, elect to pay to the Planning Minister an amount equivalent to the amount of the Planning Minister's proposed call. If payment is made by the Developer within 5 Business Days of such an election by the Developer, the Planning Minister shall no longer be entitled to call upon the Security to the extent of the amount that has been paid by the Developer.

---

### **3. Release of Security**

If:

- (a) the Developer satisfies the Planning Minister that all of the obligations secured by the Security have been fulfilled; and
- (b) the whole of the monies secured by the Security have not been expended or applied towards the discharge of an obligation secured by the Security,

then the Planning Minister will promptly return the Security to the Developer.
