Attention: General Manager

Vegetation Management Plan, Ref: 610.11706 Version 2, 16 January 2014
DA 13-0288-02 Andromeda Drive, Cranebrook

Penrith City Council's Consent Condition 46 of DA 13-0288-02 makes reference to the Vegetation Management Plan (VMP) by SLR dated 16 January 2014.

Further to being the authors of the VMP, SLR were engaged by the Diocese of Parramatta to monitor and advise on the implementation of the VMP prior to and during construction activities. It is noted that the implementation of the VMP is ongoing past the construction phase for a total maintenance period of 2.5 years, with an expected completion in July 2017.

We confirm that the following tasks detailed in Condition 46 have been complied with:

- 46a (i, ii, iii, iv) Baseline monitoring, snail re-location, rubbish removal, and seed collection completed by SLR and Toolijooa.
- 46b (i, ii, iii) Fencing, signage, weed removal and soil preparation completed by Toolijooa and Western Earthmoving.
- 46b (iv) Planting is ongoing and being implemented by Toolijooa.
- 46c (i, ii, iii) Weed management and monitoring completed to date and ongoing for duration of maintenance period by Toolijooa and SLR.
- 46d (i, ii, iii) Site induction, sediment fencing and inspections completed by SLR and Western Earthmoving.

A Baseline Monitoring Report (November 2014) and Six-month Monitoring Report (March 2015) have been prepared by SLR and provide more details on the progress of the VMP to date.

Kind Regards,

Fiona Iolini
Senior Ecologist
