Attention: Mr Andy Gaunt

St Marys Rugby League Club Grandstand – New Access Lift

Structural Design Intent Certificate

Dear Andy,

We certify that we will prepared the structural design of the new base slab and foundations for the new access lift at St Marys Leagues Club Grandstand in accordance with the following Australian Standards:

AS 3600 Concrete Structures

AS 4100 Steel Structures

And the foundation structure will be sufficient to carry the relevant loads specified on Direct Lifts drawing No IM2014-0 sheet 1/3, dated 7.11.17 and in

AS 1170.0 Structural design actions – General principles

AS 1170.1 Structural design actions – Permanent, imposed and other actions

We note that design of the lift shaft and connection to existing structure is the responsibility of Direct Lifts.

Yours faithfully

TAYLOR THOMSON WHITTING (NSW) PTY LTD
