I **Zulfiqar A Khan**..... of**MultiPro Consultants Pty Ltd**.....

(Chartered Professional Engineer being competent to practice in the field of stormwater drainage design), have designed the Stormwater System in accordance with the Penrith City Council's Stormwater Drainage Guidelines for Building Policy.

It is noted that in accordance with discussion with Council's Officer, Mr. Tim Gowing, no WSUD (Water Sensitive Urban Design) is required for the proposed boarding house. As such, in terms of complying with the policy, the stormwater design include rainwater tanks etc. as required by BASIX (if applicable / required).

Signature:..... Date:25/10/2020.....

Mr. Zulfi Khan
