<b>Sequence #</b>	44483114	
<b>Issue Date:</b>	03/18/2015	
<b>Location:</b>	Walshaw Street, Penrith, NSW-2750	

**In relation to your enquiry at the above address:**

- NBN Co's records indicate that there ARE underground fibre optic/telecommunications facility/facilities (owned or controlled by NBN Co) in the vicinity of the location identified above ("Location").
- NBN Co indicative plan/s are attached with this notice ("Indicative Plans").
- The Indicative Plan/s show general depth and alignment information only and are not an exact, scale or accurate depiction of the location, depth and alignment of the fibre optic/telecommunications facilities shown on the plan/s.
- In particular, the fact that the Indicative Plan/s show that a facility is installed in a straight line, or at uniform depth along its length cannot be relied upon as evidence that the facility is, in fact, installed in a straight line or at uniform depth.
- You should read the Indicative Plans in conjunction with this notice and in particular, the notes below.
- The information contained in the Indicative Plan/s is valid for 28 days from the date of issue set out above. You are expected to make your own inquiries and perform your own investigations (including engaging appropriately qualified plant locators at your cost to locate NBN Co telecommunications facilities during any activities you carry out on site.)

We thank you for your enquiry and appreciate your continued use of the Dial Before You Dig Service. If you require further information please contact NBN Co on **1800 626 762 OPTION 5 then 4.**

**Notes:**

1. You are now aware that there are items of telecommunications facilities in the vicinity of the above property that could be damaged as a result activities carried out (or proposed to be carried out) by you in the vicinity of the Location.
2. You should have regard to section 474.6 and 474.7 of the Criminal Code Act 1995 (Cth) which deals with the consequences of interfering or tampering with a telecommunications facility. Only persons authorised by NBN Co Limited can interact with NBN Co's network facilities.
3. Any information provided is valid only for **28 days** from the date of issue set out above.

## Conditions

The following are conditions on which NBN Co provides you with the Indicative Plans. By accepting the plans, you are agreeing to these conditions. These conditions are in addition (and not in replacement of) any duties and obligations you have under applicable law.

1. NBN Co does not accept any responsibility for any inaccuracies of its plans. You are expected to make your own inquiries and perform your own investigations (including engaging appropriately qualified plant locators at your cost to locate NBN Co telecommunications facilities during any activities you carry out on site).
2. You should not assume that fibre optic cables follow straight lines or are installed at uniformed depths along their lengths, even if they are indicated on plans provided to you. Careful onsite investigations are essential to locate the exact position of cables.
3. In carrying out any works in the vicinity of NBN Co facilities, you must maintain the following minimum clearances:
  - 300mm when laying assets inline, horizontally or vertically
  - 500mm when operating vibrating equipment, for example: jackhammers or vibrating plates
  - 1000mm when operating mechanical excavators.
4. You are aware that there are inherent risks and dangers associated with carrying out work in the vicinity of underground facilities (such as NBN Co's optic fibre cables). You must take all reasonable precautions should to avoid damaging NBN Co's facilities. These precautions may include (but not limited to) the following:
  - All excavation sites should be examined for underground cables by careful hand excavation. Cable cover slabs if present must not be disturbed. Hand excavation needs to be undertaken with extreme care to minimise the likelihood of damage to the cable, for example: the blades of hand equipment should be aligned parallel to the line of the cable rather than digging across the cable.
  - If any undisclosed underground cables are located, notify NBN Co immediately.
  - All personnel must be properly briefed, particularly those associated with the use of earth-moving equipment, trenching, boring and pneumatic equipment.
  - All excavations must be undertaken in accordance with all relevant legislation and regulations.
5. You will be responsible for all damage to NBN Co facilities that are connected (whether directly, or indirectly) with work you carry out (or work that is carried out for you or on your behalf) at the Location. This will include (without limitation) all losses expenses incurred by NBN Co as a result of any such damage.
6. You immediately must report any damage to NBN Co's network that you are/become aware of. Notification may be by telephone to the inquiries number listed above.
7. Except to the extent that liability may not be capable of lawful exclusion, NBN Co and its servants and agents and the related bodies corporate of NBN Co Limited and their servants and agents shall be under no liability whatsoever to any person for any loss or damage (including indirect or consequential loss or damage) however caused (including, without limitation, breach of contract negligence and/or breach of statute) which may be suffered or incurred from or in connection with this information sheet or any Plans attached hereto. Except as expressly provided to the contrary in this information sheet or the attached Indicative Plans, all terms, conditions, warranties, undertakings or representations (whether expressed or implied) are excluded to the fullest extent permitted by law.
