

WASTE MANAGEMENT PLAN

This Waste Management Plan has been prepared by Edgewater Homes Pty Ltd to outline the proposed method of managing waste generated on the site mentioned below during the course of construction.

SITE ADDRESS: LOT 3332
PROPOSED ROAD 028
JORDAN SPRINGS 2747

APPLICANT: Edgewater Homes Pty Ltd
PO Box 1302
NARELLAN NSW 2567
PH: 02-8602 6100

EXISTING STRUCTURE/S: The site is vacant

PROPOSED STRUCTURE/S: New Brick Veneer Dwelling with attached garage

SIGNATURE OF APPLICANT: EDGEWATER HOMES

DATE: 31/07/2019

CONSTRUCTION STAGE

| MATERIALS ON-SITE | | DESTINATION | | | STORAGE |
|---------------------------------------|---|--|----------|---|--|
| TYPE OF MATERIAL | ESTIMATED VOLUME (m³) OR AREA (m²) OR TONNE (t) | RE-USE AND RECYCLING | | DISPOSAL | PROPOSED ON-SITE STORAGE |
| | | ON-SITE | OFF-SITE | CONTRACTOR & DISPOSAL SITE | |
| Excavation Material | Nil (Negligible earthworks required) | Site reshaped to negate need for removal | N/A | N/A | Remain on site |
| Green Waste | Nil (Negligible earthworks required) | Grass & topsoil kept on site for future landscaping | N/A | N/A | Remain on site |
| Bricks | <1m³ | Used as filling behind retaining walls | N/A | Excess material that cannot be recycled locally is to be recycled by a contractor. Preferred Contractor: Mirko & Branka Pty Ltd; St Johns Park (9610 6209) | Within sediment fence area |
| Concrete | 0.4t | Crushed and used as backfilling behind retaining walls | N/A | Excess material that cannot be recycled locally is to be recycled by a contractor. Preferred Contractor: Mirko & Branka Pty Ltd; St Johns Park (9610 6209) | Within sediment fence area |
| Timber: frame & truss & eave off cuts | 0.35t | N/A | N/A | All timber waste to be collected and recycled by private contractor. Preferred Contractor: Mirko & Branka Pty Ltd; St Johns Park (9610 6209) | Enclosure made of timber stakes and shade cloth and area marked as "Recycling" |

| | | | | | |
|--|-------------------|-----|--------------------------------------|---|--|
| Plasterboard | 2.5m ³ | N/A | Recycling by manufacturer / supplier | Preferred Contractor: B&L Linings (Lafarge Plasterboard) (9823 6111) | Kept clean and dry by storing in garage of house under construction |
| Metals: packaging straps | Negligible | N/A | N/A | Excess material that cannot be recycled locally is to be recycled by a contractor. Preferred Contractor: Mirko & Branka Pty Ltd; St Johns Park (9610 6209) | Enclosure made of timber stakes and shade cloth and area marked as "Recycling" |
| Metals: Fascia & gutter | Negligible | N/A | N/A | All fascia and gutter waste is to be removed from site by installing contractor. Preferred Contractor: Stoddart Building Products (9683 4383) | Enclosure made of timber stakes and shade cloth and area marked as "Recycling" |
| Others: Paper / Cardboard, Plastics, Rags, etc | 0.45t | N/A | N/A | Preferred Contractor: Mirko & Branka Pty Ltd; St Johns Park (9610 6209) | Enclosure made of metal cage and marked as "Recycling" |

NOTES

Mirko & Branka Pty Ltd; St Johns Park (9610 6209) has been selected by Edgewater Homes Pty Ltd as the preferred contractor at the time of printing this document. Any changes to the preferred supplier will be determined by changing market conditions. In the event of any change Council will be notified accordingly.
