## NOTES

---

### **Reasons**

The conditions in the attached schedule have been imposed in accordance with Section 80A of the Environmental Planning and Assessment Act 1979 as amended.

### **Conditions**

Your attention is drawn to the attached conditions of consent in attachment 1.

### **Certification and advisory notes**

You should also check if this type of development requires a construction certificate in addition to this development consent

It is recommended that you read any Advisory Note enclosed with this notice of determination.

### **Review of determination**

The applicant may request Council to review its determination pursuant to Section 82A of the Environmental Planning and Assessment Act 1979 within 6 months of receiving this Notice of Determination.

You cannot make this request if the development is Designated Development, Integrated Development or State Significant development or if the application was decided by a Joint Regional Planning Panel.

### **Appeals in the Land and Environment Court**

The applicant can appeal against this decision in the Land and Environment Court within six (6) months of receiving this Notice of Determination.

You cannot appeal if a Commission of Inquiry was held for the subject development application, or if the development is a State Significant Development.

An appeal to the Land and Environment Court is made by lodging an application to the Court in accordance with the Rules of the Court.

### **Designated development**

If the application was for designated development and a written objection was made in respect to the application, the objector can appeal against this decision to the Land and Environment Court within 28 days after the date of this notice. The objector cannot appeal if a Commission of Inquiry was held.

If the applicant appeals against this decision, objector(s) will be given a notice of the appeal and the objector(s) can apply to the Land and Environment Court within 28 days after the date of this appeal notice to attend the appeal and make submissions at that appeal.

### **Joint Regional Planning Panels**

If the application was decided by a Joint Regional Planning Panel, please refer to Section 23H of the Environmental Planning and Assessment Act, 1979 (as amended) for any further regulations.

## ATTACHMENT 1: CONDITIONS OF CONSENT

### General

- 1 The development must be implemented substantially in accordance with the following plans and documents stamped approved by Council, the application form and any supporting information received with the application, except as may be amended in red on the approved plans and by the following conditions.

Title	Synopsis
Description of Proposal	Hours of operation, staffing, waste management and additional details
Annexure "A"	Site Plan
Sketch 2	Floor plan of fit out

- 2 **The development shall not be used or occupied until an Occupation Certificate has been issued.**  
A satisfactory inspection from an authorised officer of Council's Environmental Health Department is required prior to the issue of the Occupation Certificate. The occupier is to contact the Environmental Health Department to organise an appointment at least 72 hours prior to the requested inspection time.
- 3 The business is to be registered with Penrith City Council by completing the "Registration of Premises" form. This form is to be returned to Council prior to the issuing of the Occupation Certificate and operation of the business.
- 4 A separate development application for the erection of a sign or advertising structure, other than an advertisement listed as exempt development, is to be submitted to Penrith City Council, complying with the requirements of Penrith Development Control Plan-Advertising Signs.
- 5 The shop's operating hours are limited to between 7:00 am to 8:00pm Mondays, Tuesdays, Wednesdays, Fridays, Saturdays, Sundays and 7:00am to 9:00pm Thursdays.
- 6 All materials and goods associated with the use shall be contained within the building at all times.
- 7 The finishes of all structures and buildings are to be maintained at all times and any graffiti or vandalism immediately removed/repaired.

### Environmental Matters

- 8 All waste materials stored on-site are to be contained within a designated area such as a waste bay or bin to ensure that no waste materials are allowed to enter the stormwater system or neighbouring properties. The designated waste storage areas shall provide at least two waste bays / bins so as to allow for the separation of wastes, and are to be fully enclosed when the site is unattended.

- 9 All excavated material and other wastes generated as a result of the development are to be re-used, recycled or disposed of in accordance with the approved waste management plan.

Waste materials not specified in the approved waste management plan are to be disposed of at a lawful waste management facility.

All receipts and supporting documentation must be retained in order to verify lawful disposal of materials and are to be made available to Penrith City Council on request.

- 10 Only clean and unpolluted water is to be discharged into Penrith City Council's stormwater drainage system. Liquid wastes suitable for discharge to the mains sewerage to be discharged in accordance with Sydney Water requirements.

## **BCA Issues**

- 11 The owner of a building, to which an essential fire safety measure is applicable, shall provide Penrith City Council with an annual fire safety statement for the building. The annual fire safety statement for a building must:
- (a) deal with each essential fire safety measure in the building premises, and
  - (b) be given:
    - within 12 months after the last such statement was given, or
    - if no such statement has previously been given, within 12 months after a final fire safety certificate was first issued for the building.

As soon as practicable after the annual fire safety statement is issued, the owner of the building to which the statement relates:

- must also provide a copy of the statement (together with a copy of the current fire safety schedule) to the Commissioner of New South Wales Fire Brigades, and
- prominently display a copy of the statement (together with a copy of the current fire safety schedule) in the building.

- 12 All aspects of the building design shall comply with the applicable performance requirements of the Building Code of Australia so as to achieve and maintain acceptable standards of structural sufficiency, safety (including fire safety), health and amenity for the on-going benefit of the community. Compliance with the performance requirements can only be achieved by:
- (a) complying with the deemed to satisfy provisions, or
  - (b) formulating an alternative solution which:
    - complies with the performance requirements, or
    - is shown to be at least equivalent to the deemed to satisfy provision, or
  - (c) a combination of (a) and (b).

It is the owner's responsibility to place on display, in a prominent position within the building at all times, a copy of the latest fire safety schedule and fire safety certificate/ statement for the building.

## Health Matters and OSSM installations

- 13 Prior to the operation of the food business the business must notify the NSW Food Authority of their details including:
  - (a) Contact details for the food business, including the name and address of the business and the proprietor of the business.
  - (b) The nature of the food business.
  - (c) The location of any other food premises associated with the food business, within the jurisdiction of NSW Food Authority.Should these details change during the operation of the business the business operator must provide the NSW Food Authority with an update of these details. Notification can be completed free of charge on the NSW Food Authority's Food Notify website at [www.foodnotify.nsw.gov.au](http://www.foodnotify.nsw.gov.au).
- 14 Hand basins must be freestanding, serviced with hot and cold water through a single outlet, able to be mixed at a temperature of at least 40°C and fitted with a hands free operation. Where sensor taps are installed the basin must not be more than 6 metres from the hot water system. Disposable paper hand towels and soap must be provided and serviced from a dispenser adjacent to each hand basin.
- 15 Staff toilets must be provided on the premises. Where a toilet adjoins a food preparation area it must be separated by an air lock and its doors must be fitted with self closing devices. Toilets intended for customer use must not be accessed through areas where open food is handled, displayed or stored.
- 16 The cleaner's sink must be serviced with hot and cold water through taps fitted with hose connectors. Cleaner's sinks must be located outside of areas where open food is handled.
- 17 Condensation from coolrooms and refrigeration motors must discharge to the sewer via a tundish with air gap separation in accordance with Sydney Water requirements.
- 18 The construction, fit out and finishes of the food premises must comply with Standard 3.2.3 of the Australian and New Zealand Food Standards Code, and AS 4674-2004 *Design, Construction and Fitout of Food Premises*.
- 19 Service pipes, electrical conduits and refrigeration condensate pipes shall be enclosed or chased into walls, floors or plinths. Where it can be demonstrated that this is not feasible pipes and conduits fixed on brackets, providing a minimum of 25 mm clearance from the adjacent wall and 100 mm from the floor or adjacent horizontal surface, can be used. All openings in walls, floors and ceilings, through which service pipes and conduits pass, must be vermin proof.
- 20 The ceiling in the preparation, service and scullery areas must be constructed with a rigid, non-absorbent, smooth faced material free from open joints, cracks and crevices and be painted with a light coloured washable paint. The intersection of the walls and ceiling must be tight jointed, sealed and dust proofed. Drop-in panel style ceilings are not permitted.
- 21 The walls of the food preparation area must be of solid construction and finished with glazed ceramic tiles or other approved material to a height of 2 metres. The intersection of tiles and render must have a flush finish, or be splayed at a 45 degree angle to eliminate a ledge that would allow dust and grease to accumulate.
- 22 The double bowl sink must be constructed of stainless steel, have a minimum bowl size of 450mm x 300mm x 300mm to enable cleaning of large pots and equipment, be fitted with a draining area at each end, and have a splashback as part of the unit at least 300mm up the wall.

- 23 The food preparation sink must be separated from all other sinks by a minimum distance of 2 metres or have an approved form of physical barrier that separates the sink.

## Construction

- 24 Construction works or subdivision works that are carried out in accordance with an approved consent that involve the use of heavy vehicles, heavy machinery and other equipment likely to cause offence to adjoining properties shall be restricted to the following hours in accordance with the NSW Environment Protection Authority Noise Control Guidelines:

- Mondays to Fridays, 7am to 6pm
- Saturdays, 7am to 1pm (if inaudible on neighbouring residential premises), otherwise 8am to 1pm
- No work is permitted on Sundays and Public Holidays.

Other construction works carried out inside a building/tenancy and do not involve the use of equipment that emits noise are not restricted to the construction hours stated above.

The provisions of the Protection of the Environment Operations Act, 1997 in regulating offensive noise also apply to all construction works.

## Certification

- 25 An Occupation Certificate is to be obtained from the Principal Certifying Authority on completion of all works and prior to the occupation/use of the Grocery and Fruit and Vegetable Shop.

The Certificate shall not be issued if any conditions of this consent, but not the conditions relating to the operation of the development, are outstanding.

A copy of the Occupation Certificate and all necessary documentation supporting the issue of the Certificate is to be submitted to Penrith City Council, if Council is not the Principal Certifying Authority.
