Our Proof and Production Policy:

At Ajay Visual we take pride in precision but the final examination for accuracy is your responsibility. Before giving approval, please examine all proofs carefully for the accuracy of information presented as well as spelling, punctuation, numbers, graphics and general layout. In the event that we have miscommunicated regarding your original design we will be happy to provide a second proof free of charge if needed. Thereafter, we reserve the right to charge for design time. **Colour requirements:** Please be aware that colours can vary between different printers and media. Both CMYK and PMS colours can vary with changes in media, ink and lighting conditions. If you require that specific colours be achieved please request sample prints on the media to be used for your signs (CHARGES MAY APPLY). If samples are not requested we will go to print straight from file which may result in colour variations for which we cannot be held responsible.
