## STATEMENT OF ENVIRONMENTAL EFFECTS

RE: PROPOSED SHED AT: 9-13 GARSWOOD ROAD, GLENMORE PARK NSW 2745

- 1. The subject property is an 8570.0m<sup>2</sup> block and is currently vacant. There is an existing dam at the front of the property & it is intended that a dwelling shall be constructed in the future.
- 2. The proposal is for the construction of a new metal shed to provide shelter for the owner's items listed below:
  - Trailers
  - Motorbikes
  - Truck
  - Ride on mower
  - General property maintenance equipment
- 3. The shed as proposed shall be 18.0m by 12.0m, resulting in a floor area of 216.0m<sup>2</sup>. It is noted that Council specify a maximum floor area of 200m<sup>2</sup> for lots less than 3ha. We request a variation to this control in order to provide adequate storage space for the Owner's items listed above. It is noted that the bulk & scale of the proposed shed is consistent with ancillary structures on neighbouring properties.

Image 1: Existing shed on neighbouring property.

- 4. The maximum overall height as measured from lowest natural ground shall be 6.52m with a 5.0m wall height.
- 5. The setbacks to the side & rear boundaries shall be 5.0m.
- 6. It is noted that the proposal will not generate additional noise & will not affect the adjacent dwellings.
- 7. There shall be a maximum of 240 mm of fill and 270 mm of cut.

Document Set ID: 6569761 Version: 1, Version Date: 29/04/2015

- 8. The proposal is not located in a right-of-way.
- 9. The proposal shall in no way affect neighbour overshadowing, easements or pipelines.
- 10. Stormwater shall be directed to the ground as shown on the submitted drainage plan. The site naturally slopes towards the existing dam on the property. A licensed plumber shall carry out the installation in accordance with AS 3500.
- 11. The proposed development will in no way have impact regarding special design features.
- 12. There will be no disturbance to traffic flow, noise pollution, and historical or archaeological aspects; or on soil erosion.
- 13. The size, height and design of the outbuilding shall be complimentary with the future proposed dwelling & adjoining structures and shall not be detrimental or materially affect the amenity of adjacent or adjoining neighbours.
- 14. The proposed Class 10A structure shall not be used for human occupation.
- 15. The development shall be carried out in accordance with the Building Code of Australia.

Consequently, we request that Council supports the proposal.
